

SAGA CHAIRPERSON SPEAKS AT THE DA FIREARMS SUMMIT

Issued: 23 June 2021

On Tuesday 22 June 2021, SAGA Chairperson Damian Enslin spoke at the DA Firearms Summit. Damian was invited to speak and gave his perspective as an attorney.

When asked to speak about the current administration of the Firearms Control Act, Damian had the following to say:

"As you may know the CFR is in disarray... from the station level all the way to national level it is in disarray, applications take an inordinate amount of time, I'm constantly fielding questions from clients who are waiting many months for their competence or licence applications to be granted... it seems that the national office is incapable of remedying the problem. This was exacerbated by the two amnesties."

Although self-defence was the main issue raised at the Firearms Summit, all the organizations involved provided input and issues surrounding hunting, sports shooting, firearms collecting and reloading were raised.

We would like to reiterate that SAGA is passionate about the right of the law-abiding citizen to choose to own a firearm for whatever legal purpose they see fit. And we are passionate about ensuring that people's rights are protected. A big part of the vision of SAGA is that everyone should be free to choose if they wish to own a firearm or not. We want our members to be secure in the knowledge that we hold their best interests at heart and we will not compromise on this.
