

CIVILLIAN SECRETARIAT FOR POLICE ACKNOWLEDGES RECEIPT OF SAGA SUBMISSION

11 AUGUST 2021

The Civilian Secretariat for Police Service has acknowledged receipt of our SAGA submission against the FCA Amendment Bill. We trust that our submission will be taken seriously as a major stakeholder in the firearms landscape in South Africa.

In our letter to the CSOP Secretary's office on 1 August 2021, SAGA Chairperson Damian Enslin said the following:

"We place on record that an inadequate amount of time has been given to sufficiently and properly comment on the Bill and thus SAGA objects to the Bill in its entirety.

None-the-less in the inadequate time allocated to make submissions on the Bill, please find below our main submissions as well as a Schedule of Submissions which must be read in conjunction with this document."

Our Full submission can be found on the following Links:
