

## **Chaos and Disorder at the Central Firearms Registry**

20 August 2021

SAGA members have been struggling for many months to obtain feedback on the progress – or lack of progress – with competency and licence applications, and SAGA's offices have been receiving complaints from members about SAPS poor service delivery on a daily basis. We have now made a decision to proceed with this matter and take it further by putting government on terms.

SAGA has taken the decision to in due course go forward on behalf of our members with an application to the High Court against CFR and SAPS, to force them to process applications within a reasonable time period. Applications should be processed within 90 days (three months), as prescribed by the Promotion of Administrative Justice Act 3 of 2000 (PAJA).

Should any SAGA member experience poor service delivery with respect to their competency and/or licence application, which delays are unreasonable, or any other related issue, please email the SAGA office on [saga@saga.org.za](mailto:saga@saga.org.za).
